**FOR IMMEDIATE RELEASE**

## **Horizon High School Presents *Becoming a Love and Logic Parent*<sup>®</sup>**

Horizon High School in conjunction with Horizon PAWS PTO is presenting a six-part series of parenting classes *Becoming a Love and Logic Parent*<sup>®</sup>.

Held in the Horizon High School Media Center at 5601 E. Greenway, class is scheduled from 6:00 p.m. to 8:00 p.m. on Tuesdays beginning March 1 and running through April 12. No class will be held on March 29.

At a time when even the best parents are unsure of their roles, these classes will provide participants with specific strategies for successful parenting, not just theoretical concepts. Class facilitators, a group comprised of parents, psychologist, and administrators, will guide parents of children ages six to 18 through learning the "how-to's" that can be put into practice right after class. The class series encompasses the Love and Logic<sup>®</sup> philosophy founded in 1977 by Jim Fay and Foster W. Cline, M.D.

The cost of the class series is \$25.00, which includes the workbook. To register, email Gail Tronzo at [Reg4LoveandLogic@aol.com](mailto:Reg4LoveandLogic@aol.com). When registering, please include your name, the age(s) of child(ren), and school(s) of attendance.
